

# Man Down

**Austin Williams**

Man down, man down, man down, man down

Seems like we've been fighting this battle for a long time  
Somewhere along the way, we just quit being allies  
Always used to be you and me  
How did lovers turn to enemies?  
Seems like we've been fighting this battle for a long time

Man down, calling it in, calling it quits  
Planting that white flag in the ground  
Code red, SOS  
Nobody ever wins in a war like this  
We both knew how it would go down  
I'm sending out a Mayday now  
I'm screaming out  
Man down, man down

I'd call a truce but I don't think we'd make it through the other side  
Between all the hell I've put you through and every one of your lies  
We've done enough to our own hearts  
Gave each other enough scars  
I'd call a truce but I don't think we'd make it through the other side

Man down, calling it in, calling it quits  
Planting that white flag in the ground  
Code red, SOS  
Nobody ever wins in a war like this  
We both knew how it would go down  
I'm sending out a Mayday now  
I'm screaming out  
Man down, man down  
Man down, man down

Man down, calling it in, calling it quits  
Planting that white flag in the ground  
Code red, SOS  
Nobody ever wins in a war like this  
We both knew how it would go down  
I'm sending out a Mayday now  
I'm screaming out  
Man down, man down  
Man down, man down
