

## Backup Plan

AUSTIN

Didn't know I was lyin'  
When you said that I didn't mind take it sometimes  
Silver without a linin'  
Guess you must be gold  
Didn't know you were hidin'  
Someone that was textin' you when you're alone  
So, baby, why you cryin'  
When you did me cold?

You say you miss me when he's unavailable  
'Cause you think I'll always be there  
We both know love can be unpredictable  
So I'll make it clear

Better figure it out  
'Cause I ain't no backup man  
I ain't no backup plan  
I ain't no backup man

Better figure it out  
'Cause I ain't no backup man  
I ain't no backup plan  
I ain't no backup man

I know you've been with him lately  
And he's tellin' you everythin' you wanna hear  
Got your head in a haze-y  
Wants to make me disappear

What we have is amazin'  
So why you wanna put it in the rearview mirror?  
What pictures he paintin'?  
I'll paint your head

You say you miss me when he's unavailable  
'Cause you think I'll always be there  
We both know love can be unpredictable  
So I'll make it clear

Better figure it out  
'Cause I ain't no backup man  
I ain't no backup plan  
I ain't no backup man

Better figure it out  
'Cause I ain't no backup man  
I ain't no backup plan  
I ain't no backup man

Better figure it out  
'Cause I ain't no backup man  
I ain't no backup plan  
I ain't no backup man

Better figure it out  
'Cause I ain't no backup man  
I ain't no backup plan

I ain't no backup man

'Cause I ain't no backup man

I ain't no backup plan

'Cause I ain't no backup man
