

Pack It Up

AUSTN

It's not the first time I might have tried to take too much
There's been a lot of first times but not a lot of giving up
Maybe time we've spent searching guessing
You're the love and love's the lesson
Maybe, it's not meant to stay

When everything is broken up
Try to let the pieces be
Don't tell me what you want, my love
Try to tell me what you need

So I'll try to keep you safe
Oh I hate to walk away
All I want is to give you love
But we both know we should pack it up
We should pack it up

I got broken teeth from biting glass
Had to let you leave and not look back
There's a part of me that hasn't started excepting
Playing make believe is always too tempting

So I'll try to keep you safe
Oh I hate to walk away
All I want is to give you love
But we both know we should pack it up
We should pack it up
It up, it up
We should pack it up
We should pack it up

When everything is broken up
Try to let the pieces be
Don't tell me what you want, my love
Try to tell me what you need
