

# Stupid Boy

AUSTIN

You don't even know what you do to me  
Stealing every breath I try to breathe  
Waiting on a heartbreak guess we'll see  
If you wanna take a chance with me

I'm in love  
It's in my voice  
It's in my blood  
I had no choice  
You know I got flaws  
But don't we all  
Could you fall  
For this stupid boy

Getting all the words out perfectly  
But my heart beats faster every time I speak  
I'm new to this but I'm ready to learn  
So we can take it slow if you're concerned

I'm in love  
It's in my voice  
It's in my blood  
I had no choice  
You know I got flaws  
But don't we all  
Could you fall  
For this stupid boy

I hope you hear me through the noise  
'Cause I can  
You know I got flaws  
But you got my all  
Could you fall  
For this stupid boy

Could you fall  
Could you fall  
Could you fall  
For this stupid boy
