

# Energy

Austra

Centuries,  
I respect them, please,  
Come on!

I know now,  
But it isn't easy.  
And I transform, into energy.  
With your mouth, ooh  
Let them fly,  
Movement overflows,  
Come on!

I know now,  
But it isn't easy.  
And I transform, into energy.  
With your mouth, ooh

Let them fly...  
The rest is like a cup of tea.  
And I transform, into energy.  
With your mouth, ooh

Energy, oh  
I transform, into energy

(With your mouth)  
I know now,  
But it isn't easy.  
And I transform, into energy.  
With your mouth, ooh
