

The blood is my foe  
A bet of my own  
I noticed  
I'm impaired  
The blood is rushing down  
The blood is rushing down  
My head

I noticed in the air  
Your words are true but fair  
I know this  
It got me bad  
The blood is rushing down  
The blood is rushing down  
My head

Keep the valley(?) broken  
Keep the valley broken  
Keep the valley broken  
Keep the valley broken

The blood is my foe  
A bet of my own  
I know this, it got me bad  
The blood is rushing down  
The blood is rushing down  
My head

I noticed in the air  
Your words are true but fair  
I know this  
It got me bad  
The blood is rushing down  
The blood is rushing down  
My head

Keep the valley broken  
Keep the valley broken  
Keep the valley broken  
Keep the valley broken

The blood is my foe  
A bet of my own  
I know this, it got me bad  
The blood is rushing down  
The blood is rushing down  
My head
