

# Love Beats Me Up

Australian Crawl

Could never walk away from that girl  
She's the only one in the world  
She's the ruler of the table-top  
She's no persnickety, She's real persimmon  
She's all I got  
She's a pretty serene surrender  
Unlike Chrissie she's no pretender  
She's my coupe dynaflow  
She's no disguise and it's no surprise  
She's all I know

I said love gets really tough  
That's when love beats me up

I don't own my own record player  
I use hers its just the same  
We're getting so much more au fait(er)  
she's soya chookin' and I'm just lookin'  
At summer again

I said love gets really tough  
That's when love beats me up

She wants to move my monty picture  
I've got a thing about where it goes  
I think she wishes I was richer  
Well it ain't too bad, I'm fair to middling  
Oh, so-so

I said love gets really tough  
That's when love beats me up
