

Broo-Tall Song Idea

Austrian Death Machine

I came up with a sweet song title the other day.

It rele didn't hold any meaning but it sounded so brutal
That i wanted to write a song called,

Discombobulation corpse termination urbanization
Govermentelisation explosive montisumas blasting bowl revenge.

Come on say it with me!

Discombobulation corpse termination urbanization
Govermentelisation explosive montisumas blasting bowl revenge.

Yeah, that sounded good.
