

# Get Down

## Austrian Death Machine

Neyahh, Nyah, Neeeyah!

Get down  
Nyaah  
Get down  
I'm here to save you

I see you may be confused  
It looks like I'm chasing you  
But the real attack will be diffused  
If you listen, what I say you do

Get down  
Nyaah  
Get down  
Yahhh!  
You're terminated (Get Down)  
You're terminated (Nyahh)  
You're terminated (Get Down)  
You're terminated  
Resistance, final war  
Resistance, final war

T-1000 will never succeed, bleah

T-1000 will never succeed  
If you get up and you come with me  
Skynet's plan will be revealed  
Destroyed in molten steel

The future war has begun  
We must stop Armageddon  
A nuclear end to mankind  
With only the consciousness of Skynet left alive

Get down

Get down  
Nyaah  
Get down  
Yahhh!  
You're terminated (Get Down)  
You're terminated (Nyahh)  
Resistance, final war (Get Down)  
Resistance  
You're terminated (Get Down)  
You're terminated (Get Down)

Get Down nyeow!  
Get Down  
Nyaah  
Resistance (Get Down)  
Final War (Nyahh)
