

Ear to Ear

Authority Zero

It's like there's no way out
Like you wouldn't believe
With my hands tied tight
There's no sense of relief
I've gotta pull the strings back
And pull a trick out my sleeve
Why so complicated?

Bury me along side of myself
Cuz I've been diggin' for days like no one else
I've got a really strong itch that I just can't scratch
Why so complicated?

Out of control!
Yeah I'm spinning!
Out of control!
No I'm not kidding!
Out of control!
It feels so fitting!
Can't stop grinning

I'm on the run I'm like an outlaw vagrant
My luck is wearing thin and yeah I celebrate it
No turning back I'm like a psych ward patient
That I've demonstrated
Well lucky me it seems the door's wide open
I'll step inside
You really think I'm joking?
The water's just fine
Dip in your toe and you're coastin'
Not so complicated

Don't try and tell me it's no big deal
I'm goin' Psycho
I'm goin' Psycho
Don't understand just how I feel
No not today
No not today
I think shit's about to get real
I'm goin' Psycho
I'm goin' Psycho
There's no one behind the steering wheel

Out of control!
Yeah I'm spinning!
Out of control!
No I'm not kidding!
Out of control!
It feels so fitting!
Can't stop grinning

Well looky looky looky looky looky here
I'm on my last nerve just to make things clear
They've locked me up and yeah that's a must
There's no turning back and it's a bust
Yeah it happened so fast I didn't even blink
Not so complicated, just a sigh of relief

I've let it all out and now I'm feeling cursed
Get outta my way cuz I'm about to burst

Don't try and tell me it's no big deal
I'm goin' Psycho
I'm goin' Psycho
Don't understand just how I feel
No not today
No not today
Well I think shit's about to get real
I'm goin' Psycho
I'm goin' Psycho
There's no one behind the steering wheel

Out of control!
Yeah I'm spinning!
Out of control!
No I'm not kidding!
Out of control!
It feels so fitting!
Can't stop
Dance off

Excuse me what's that you say?
Get out of my way
Get out of my way
Get out of my way
Excuse me what's that you say?

I don't think you understand what's going on in here
If speaking quite direct it's just to make things weird
I've got a new obsession that has taken the fear
And redirected it and turned it into what you hear
My frustration contracted something that's so clear
Confusion breaks the seal and steam begins to appear
Hold on just a second now we're shifting gears
Hold your hats
Fasten up
Now take the wheel and steer

Hey! Hey! I'm going psycho
Hey! Hey! I'm going psycho
Hey! Hey! I'm going psycho
Hey! Hey! Going psycho

Out of control!
Yeah I'm spinning!
Out of control!
No I'm not kidding!
Out of control!
It feels so fitting!
Can't stop, can't stop

Out of control!
Yeah I'm spinning!
Out of control!
No I'm not kidding!
Out of control!
It feels so fitting!

Can't stop grinning
