

First One In The Pit

Authority Zero

This is our time
This is the release that we've waited for
No chance of coming out alive and well on the dance floor
Commemorated, celebrated
Life and hope how times have changed
No matter what has happened
Our hearts remain the same
Unity and prosperity
(To) Set yourself free
Let go, no control
Repeat after me
Unity and prosperity
(To) Set yourself free
Let go, no control
Repeat after me
Repeat after me

I am alive...
I am alive...
This is
This is
This is our time...
This is our time...

(First one in the pit)
I'll be the last one standing
(First one in the pit)
I'll be the first one to hit the ground
(First one in the pit)
So there's no misunderstanding
I'll be the first one in the pit
And the last one out
(First one in the pit)
I'll be the last one standing
(First one in the pit)
I'll be the first one to hit the ground
(First one in the pit)
So there's no misunderstanding
I'll be the first one in the pit
And the last one out

The last one out
The last one out
The last one out
