

Fully Operational

Authority Zero

Fully operational
Stop wastin' my time
Fully operational
You ain't no friend of mine
Fully operational
Sticks and stones
Fully operational
Get outta my zone

Just take a step back and assess the situation
Stay on track avoid the deviation
So much noise has got you contemplatin'
All these toys, distractions of creation
Self deploy, divert interrogation
Create destroy, proper domination
Make some noise, and find a safe haven
Don't look back, avoid the deviation

Provoke your loco-motion
Right back to the station
Come on let's feel these good vibrations
Yeah! Yeah! Yeah!

Fully operational
Stop wastin' my time
Fully operational
You ain't no friend of mine
Fully operational
Sticks and stones
Fully operational
Get outta my zone

Dive in deep and suffocate the notion
So discrete, surfen' in the ocean
Sharks and eels, dolphins with solution
Flap your tails and bump them into convolution
Lost at sea, now rollin' in slow motion
Wait and see, a catamaran approaching
What may be and which way are you going
Lucky me, the hurricane's a-blowin'

Provoke your loco-motion
Right back to the station
Come on let's feel these good vibrations
Yeah! Yeah! Yeah!

Fully operational
Stop wastin' my time
Fully operational
You ain't no friend of mine
Fully operational
Sticks and stones
Fully operational
Get outta my zone

You're fully, you're fully
You're fully operational

You're fully, you're fully
You're fully operational

You're fully, you're fully
You're fully operational
You're fully, you're fully
You're fully operational

Fully operational
Stop wastin' my time
Fully operational
You ain't no friend of mine
Fully operational
