

# La Diabla

Authority Zero

Are you thinkin' of me, thinkin' of you like I am too?  
Is there something you need?  
Something that we shouldn't have to think through  
Why you on my mind each and every time I try to forget you?  
Are you thinkin' of me, thinkin' of you like I am too?

Are you on the edge?  
Are you under it?  
What's the next move?  
Even in my dreams I don't know that it means to be with you  
Night after night after night after sleepless night  
Are you thinkin' of me, thinking of you like I am too?  
Come on...

I'm on the edge and I can't stop thinkin'  
I'm on the move and I can't stop movin'  
I've got that one track mind and it's trackin'  
I'm on the move and I can't stop movin'  
I'm on the last dance can't stop dancin'  
I'm on the last chance can't stop chancin'  
This is my last chance can't stop chancin'  
Hold on hold on

Hey Hey!  
She's just a fuckin' demon  
Give it up she'll make you believe it  
Hey Hey!  
She's just a fuckin' demon  
Give it up she'll make you believe it

I've got you in my sites  
Each and every night  
Tell me how to get through  
There's nothing I can do  
Running through my mind chasing after you  
But you just can't see  
Can't be  
Got me goin' round  
Devil woman so tempting  
Fire in your eyes  
Thoughts of you and I  
But that's just crazy  
Is that so crazy?

I'm on the edge and I can't stop thinkin'  
I'm on the move and I can't stop movin'  
I've got that one track mind and it's trackin'  
I'm on the move and I can't stop movin'  
I'm on the last dance can't stop dancin'  
I'm on the last chance can't stop chancin'  
This is my last chance can't stop chancin'  
Hold on hold on

Hey Hey!  
She's just a fuckin' demon  
Give it up she'll make you believe it  
Hey Hey!

She's just a fuckin' demon  
Give it up she'll make you believe it
