

Right This Way

Authority Zero

Shacked up and I got no place else to be
They're all trivial faceless things to me
Don't get me started ain't seen nothin' yet
I'll give it to ya, it's something you won't forget

Hey hey hey (hey hey hey)
Rights this way (rights this way)
Hey hey hey

Locked up and basking on the boarder skyline
Rockin' barefoot in the beautiful sunshine
Dust in my eyes, I'm with some friends, woah

Where's the party, are we gonna get down tonight?
Heard there's a rally in the streets that might be alright
I'll rock the blues and you can spot the reds
Bring in the greens would be a better idea instead

Hey hey hey (hey hey hey)
Rights this way (rights this way)
Hey hey hey

Locked up and basking on the boarder skyline
Rockin' barefoot in the beautiful sunshine
Dust in my eyes, I'm with some friends, woah
Locked up and basking on the boarder skyline
Rockin' barefoot in the beautiful sunshine
Doin' hard time, will I see you again? woah

I don't see the point in hesitation
Reservations have got me still
I only wonder what we're thinkin'
And I probably never will
Understand
Comprehend
Cause all the madness has me curious
When it all may end

Yeah, I'm locked up and basking on the border skyline
La de da
Locked up basking on the border skyline
Hey hey hey
Locked up and basking on the border skyline
La de da
Locked up basking on the border skyline
Hey hey hey
Hey hey hey
