

# Shake the Ground

Authority Zero

What's all this talk you speak of tomorrow  
Telling me what's wrong with today  
Keep hanging your head in sorrow  
That's not that way things should be  
You keep on reaching out for the answers  
You're not liking just what they say  
You've been doing this a long long time  
Searching for some clarity

To make your sound  
To shake the ground  
(Do what you gotta do, what you gonna do?)  
To seek your fate  
To celebrate  
(Just think it through, just think it through)  
To make us proud  
To scream out loud  
(Do what you gotta do, what you gotta do?)  
Don't hesitate  
Don't hesitate  
No, no, no

Does anyone out there understand me?  
Does anyone see what's goin' on?  
It always seems so damn demanding  
So let it go  
Let it go  
Let it go

They keep on saying maybe next year  
(When the sun goes down, when the sun goes down)  
Some call it patience some call it fear  
(It's a show down, it's a show down)  
How many passageways are forsaken?  
(As we go around, as we go around)  
Why do the footpaths feel unclear?

Look from side to side  
Transform and realty feel alive  
Before you pull back one more time  
Just an observation  
Take a look inside  
There's another way of life  
A renegade and strength in time  
And find an explanation

Come on now you know  
Come on now you know  
Tell me that you know  
Tell that it's so  
Tell me plausible  
Tell me probable  
Tell me possible

Does anyone out there understand me?  
Does anyone see what's goin' on?  
It always seems so damn demanding

So let it go  
Let it go  
Let it go...

Does anyone out there understand me?  
Does anyone out there feel the same?  
It always seems so damn demanding  
So let it go  
Let it go  
Come on, let's go!  
Come on, let's go...

Does anyone out there understand me?  
Does anyone see what's goin' on?  
It always seems so damn demanding  
So let it go  
Let it go  
Let it go...
