

Ways To Wage A War

Authority Zero

Ways to wage a war
Ways to wage a war
Cuz there ain't no way out
When you believe in what you're fighting for
Ways to wage a war
Ways to wage a war
Cuz there ain't no way out
When you believe in what you're fighting for

We are the wagers
We are the war
We are the world
The root of it all
Right back on track here in outcast city
So much at stake, and nah it ain't pretty
Scream through the silence
Echo the call
This is the way that you take back control
Sound off the sirens
Break down the walls
Heed to the violence
Keep standing tall
Now you're one step closer

Ways to wage a war
Can you tell me?
Ways to wage a war
Can you tell me?
Cuz there ain't no way out
No way out
When you believe in what you're fighting for
Ways to wage a war
Can you tell me?
Ways to wage a war
Can you tell me?
Cuz there ain't no way out
No way out
When you believe in what you're fighting for

I think you need to take a breath
Yeah, just take a fuckin' breath
Now just move move move
Yeah yeah, I'm talking to you
You say want to wage war
You gotta move while you can
You say wanted to explore
It's time you stop making plans
Cuz there ain't nothing gonna stop you
If you'd just listen up
There's only one way in the world
You'll ever fill up your cup
Come on now say it with me
Yeah, come on you know what to do
You keep on picking all these fight
But yeah they're always with you
But in this game called life
You'd better get with the groove

Yeah yeah, you know what to do
You say you want to wage war?
Wage war
Say you can't take more?
Take more
Won't stand up cuz you're afraid of debate
You say you're lookin' to stand up but just a minute too late

You know it
You see it
You fight it
Control it
You need it
You test it
Defeat it
Standing right outside your door
You know it
You see it
You fight it
Control it
Standing right outside your door

Ways to wage a war
Can you tell me?
Ways to wage a war
Can you tell me?
Cuz there ain't no way out
No way out
When you believe in what you're fighting for
Ways to wage a war
Can you tell me?
Ways to wage a war
Can you tell me?
Cuz there ain't no way out
No way out
When you believe in what you're fighting for

Save it for
Waiting for
Another day
Take me home
Waiting on sanity
Yeah, save it for another day

Ways to wage a war
Ways to wage a war
Cuz there ain't no way out
When you believe in what you're fighting for
Ways to wage a war
Can you tell me?
Ways to wage a war
Can you tell me?
Cuz there ain't no way out
When you believe in what you're fighting for
Ways to wage a war
Can you tell me?
Ways to wage a war
Can you tell me?
Cuz there ain't no way out
When you believe in what you're fighting for
Ways to wage a war
Can you tell me?
Ways to wage a war

Cuz there ain't no way out
When you believe in what you're fighting for
Ways to wage a war
Can you tell me?
Ways to wage a war
Cuz there ain't no way out
When you believe in what you're fighting for
