

# Ain't Deep Enough

Autograf

I feel the feeling of a summer breeze when I'm close to you  
You look so good, it's like you're make believe, yeah you know it's true

I hang on your shadow in the light  
You move like a vision in the night

Wanna be closer to your love  
Wanna be closer to your everything  
Wanna be closer to your love  
Wanna be closer to your everything

Got me falling deeper and deeper and deeper  
But it ain't deep enough  
Got me falling deeper and deeper and deeper  
But it ain't deep enough  
But it ain't deep enough

Oh damn your rhythm is so beautiful like an ocean view  
You take me places I ain't been before, yeah you know you do  
I hang on your shadow in the light  
You move like a vision in the night

Wanna be closer to your love  
Wanna be closer to your everything  
Wanna be closer to your love  
Wanna be closer to your everything

Got me falling deeper and deeper and deeper  
But it ain't deep enough  
Got me falling deeper and deeper and deeper

But it ain't deep enough  
But it ain't deep enough

(Deeper and deeper and deeper)  
(But it ain't deep enough)  
(Got me falling deeper and deeper and deeper)  
(But it ain't deep enough)  
Got me falling deeper and deeper and deeper  
But it ain't deep enough  
Got me falling deeper and deeper and deeper  
But it ain't deep enough  
But it ain't deep enough  
Got me falling deeper and deeper and deeper  
But it ain't deep enough  
Got me falling deeper and deeper and deeper  
But it ain't deep enough  
But it ain't deep enough
