

Break Me Down

Autograf

Break me down
I'ma let it all come out
All around
I don't wanna leave this ground

Giving love is easy
Giving love is easy

I'm not waiting for the time to clear my mind, to clear my mind
I'm steady
Up and over to things that tie our hearts and make us one
So break me down

(So break me down)
So break me down
(So break me down)

Come undone
Happiness comes from
Finding truth
In every moment we choose

Giving love is easy
Giving love is easy

(Giving love is easy
Giving love is easy
Giving love is easy)

I'm not waiting for the time to clear my mind, to clear my mind
I'm steady
(Giving love is easy)
Up and over to things that tie our hearts and make us one
So break me down

(So break me down)
So break me down
(So break me down)
