

# Gravity

Autograf

Up there, it's so high  
I'm struggling to keep you mine  
Always, it's so true  
This gravity is holding you

I swear, if I fall  
I won't believe in love at all  
So reach up to the blue

This gravity is holding you  
This gravity is holding you  
This gravity is holding you  
This gravity is holding you

Up there, so high  
I'm struggling to keep you mine  
Always, it's so true  
This gravity is holding you

I swear, if I fall  
I won't believe in love at all  
So reach up to the blue

This gravity is holding you  
This gravity is holding you  
This gravity is holding you  
This gravity is holding you

Up there, so high  
Struggling to keep you mine  
Always so true  
This gravity is holding you

I swear if I fall  
I won't believe in love at all  
So reach out to the blue  
This gravity is holding you
