

## Inner Light

Autograf

Just for a moment  
You show me your inner light  
Your inner light  
And when your heart opens  
You show me your inner light  
Your inner light

And when your heart opens  
You show me your inner light  
Your inner light

Just for a moment  
You show me your inner light  
Your inner light  
And when your heart opens  
You show me your inner light  
Your inner light

And when your heart opens  
You show me your inner light  
Your inner light

Just for a moment  
You show me your inner light  
Your inner light
