Where do you love?
Is it something we can discuss?
Where do you love?
Is it the highest escape on a mountain you won't budge?
Where do you love?
Where do you love?
Where do you love?

It could be a subway, it could be a patio
It could be a best friend waiting in a terminal
It could be in stereo, it could be in digital
If only you would let it go, you'd be metaphysical
You'd be metaphysical, you'd be metaphysical
You'd be metaphysical, yeah

You love
Where do you love?
Oh...
Ooh yeah
Where do you love?
Oh...
Ooh yeah

Where do you love?
Is it something we can discuss?
Where do you love?
Is it the highest escape on a mountain you won't budge?
Where do you love?
Where do you love?
Where do you love?
Where do you love?
Ohhhh
(Where do you love?)

Blame it on the moon
Blame it on the view
Blame it all on you
Blame it on the moon
Blame it on the view
Blame it all on you

It could be in stereo, it could be in digital
If only you would let it go, you'd be metaphysical
You'd be metaphysical, you'd be metaphysical
You'd be metaphysical, yeah
You'd be metaphysical
You'd be metaphysical
You'd be metaphysical
You'd be metaphysical
