

Revolves Around You

Autograf

Slow down
To a crawl
Wait for you to tell me something beautiful

Yearning
For your call
Pouring out my love like it's a waterfall

I'll be
Waiting on the hard days
Every time your heart breaks
I'll give mine to you

And if you
Think that you're not worth it
Know that all my world
Revolves around you

Ooh, revolves around you
Ooh, revolves around you
Ooh, revolves around you
Ooh, revolves around you

Your sound
Echoes tall
Wrap your arms around me like we're gonna fall

Learning
To recall
All the things that grow a heart until it's full

I'll be
Waiting on the hard days
Every time your heart breaks
I'll give mine to you

And if you
Think that you're not worth it
Know that all my world
Revolves around you

Ooh, revolves around you
Ooh, revolves around you
Ooh, revolves around you
Ooh, revolves around you

Revolves around you
Revolves around you
Revolves around you
Revolves around you

Revolves around you
Revolves around you
Revolves around you
Revolves around you
