

Test The Waters

Autograf

Go out and test the water
I will push you further than you know
See every test gets harder
And every goal is further than the truth
Now I can see you're tougher
You imitate my manners, they're the same
I want to test your anger
And push you to the monster I became

Go out and test the water
The tide will drag you deeper than you know
Your heart will soon get colder
While every thought gets darker as you go
Now I can see you're tougher
You imitate my manners, they're the same
I want to test your anger
And push you to the monster I became

Go out and test the water
The tide will drag you deeper than you know
Your heart will soon get colder
While every thought gets darker as you go
Now I can see you're tougher
You imitate my manners, they're the same
I want to test your anger
And push you to the monster I became
