## **Dance All Night**

Autograph

Coast to coast, there's a brand new line, yeah Coast to coast, there's a brand new crime Everywhere, there is something in the air All the people say

Shake it up don't stop Take it up to the top

Dance all night, to your heartbeat (heartbeat) Dance all night, to your heartbeat (heartbeat) Dance all night, to the beat on the street Dance all night, to your heartbeat (heartbeat) Dance all night Gotta do it 'till we get it right, oh yeah

All night long, hear the call of the wild, yeah All night long, feelin' free as a child All around, you can listen to the sound Hear the people say

Shake it up don't stop Take it up to the top

Dance all night, to your heartbeat (heartbeat) Dance all night, to your heartbeat (heartbeat) Dance all night, to the beat on the street Dance all night, to your heartbeat (heartbeat) Dance all night Gotta do it 'till we get it right Dance all night
