

Get off Your Ass

Autograph

Listen up watch and pay attention
Make the most of every situation
Can't you see it's a celebration

Living in the moment listen to the sound
Feeling good together gotta stand up now

Get off your ass
Get off your ass
Get off your ass and let's go crazy
Get off your ass

Let it all hang out it's now or never
Feel the music make it last forever

I wanna hear you scream and shout together
Gonna have the best time tearing up this town
Let me see your hands up gotta stand up now

Get off your ass
Get off your ass
Get off your ass and let's go crazy
Get off your ass

Get off your ass
Get off your ass
Get off your ass and let's go crazy
