

Heart Raper

Autograph

In the deepest heart and darkest night
There's a passion callin'
Once it get's you in its sight
Never let's you go
In the deepest heart and darkest night
There's a shadow failin'
Gets you when the time is right
Never let's you go, never let's you go...

Just like a drug when I look into your eyes
Can't help myself when I'm taken by your lies
Got me fallin' - when you call I lose control
Goin' under - put your poison in my soul...

Heart Raper
I can't get away
Heart Raper
I'm under your sway
Heart Raper
Girl there's just no escapin' you

I can't resist when you do your thing to me
Caught by your kiss and I never can break free
I keep tryin' - wonderin' why I can't say no
Got me drownin' - taken by your undertow...

Heart Raper
I can't get away
Heart Raper
I'm under your sway
Heart Raper
Girl there's just no escapin' you

In the deepest heart and darkest night
There's a passion callin'
Once it get's you in its sight
Never let's you go
In the deepest heart and darkest night
There's a shadow failin'
Gets you when the time is right
Never let's you go, never let's you go...

Heart Raper
I'm under your spell
Heart Raper
You do it so well
Heart Raper
Can't believe that I fell for you

Heart Raper
I can't get away
Heart Raper
I'm under your sway
Heart Raper
Girl there's just no escapin' you
