

Your Slave Tonight

Autograph

Gonna raise hell, gonna make you scream
Bodies gonna melt, bells are gonna ring
Calling out the animal who's hiding inside
We all need to get off, turn on the machine

Bells are gonna ring, bells are gonna ring
Turn on the machine, turn on the machine

Cause I wanna be your slave tonight
You drive me insane and blow my mind
I love how you play with fire
I'll do anything for you
I'm ready to be your slave tonight

Gonna get it up, gonna get it on
Never gonna stop, eat it till it's gone
Meet me in the jungle, let the beast run wild
Naked in the night, laughing like a child

Cause I wanna be your slave tonight
You drive me insane and blow my mind
I love how you play with fire
I'll do anything for you
I'm ready to be your slave tonight

Cause I wanna be your slave tonight
You drive me insane and blow my mind
I love how you play with fire
I'll do anything for you
Cause I wanna be your slave tonight
You drive me insane and blow my mind
I love how you play with fire
I'll do anything for you
I'm ready to be your slave tonight
