

# Control

Autoheart

I'll be gone, declining, in a matter of time  
That's the price that you pay for regret  
Pack a suitcase or two  
Leave the key at the door  
I'm aware that the blame is on me

We could have made it in a different world for different eyes  
And nominate each other not to carry on with the lies  
We could have made it but we didn't have the stamina  
We both lost out in the end

Oh, my love, I see you've gone  
Yeah, we've lost control  
Baby

I am hot, I am soaking, I am feverish  
As I lay in this cheap hotel room  
And I haven't a clue as to where I will go  
But I know it'll not be with you

We could have made it in a different world for different eyes  
And nominate each other not to carry on with the lies  
We could have made it but we didn't have the stamina  
We both lost out in the end

Oh, my love, I see you've gone  
Yeah we've lost control  
Baby, I see you've gone  
Yeah we've lost control  
Baby

Tell my brother, tell my sister  
That I've gone away  
Give me strength, give me muscle  
Give me surveillance

In the puddles by the graveyard  
Lay confetti rise  
It's hearty as an evergreen  
It serves to punish me

Yeah, I am waiting to hear from you  
But you choose to offer me silence  
Yeah see, how hard is it for you to see  
That I am a crumbling mess

Oh, my love, I see you've gone  
Yeah, we've lost control  
Baby, I see you've gone  
We've lost control

My baby, my baby, my baby  
Oh my baby, my baby, my baby
