

# I Killed Love

Autoheart

I don't care what they say  
No words can wipe away  
It's institutional  
And we are verbally ashamed

I cannot take it slow  
With you I need to show  
That I'm not masochistic  
And you're not blunted by it all

There's nothing wrong with me  
There's nothing wrong with you  
There's nothing wrong with us  
Or is there?

We are in disarray today  
And there is no denying  
Take a little bit of me  
And a little bit of you  
And try  
I am in dire straits  
And there is no escaping  
Take a little bit of me  
And a little bit of you and cry  
No more, no more, no more war for us

We are not stabilized  
Our minds are paralyzed  
I hate the way we run and hide  
From every moving landslide

My inefficiency  
Is that I cannot see  
I am deluded when it comes  
To recognizing you're the one

There's nothing wrong with me  
There's nothing wrong with you  
There's nothing wrong with us  
Or is there?

We are in disarray today  
And there is no denying  
Take a little bit of me  
And a little bit of you  
And try  
I am in dire straits  
And there is no escaping  
Take a little bit of me  
And a little bit of you and cry  
No more, no more, no more war for us

I killed love  
I killed it with my own rough touch  
I killed love  
I killed it when I said to much  
I killed love

I killed it with my own rough touch  
I killed love  
I killed it when I said to much

We are in disarray today  
And there is no denying  
Take a little bit of me  
And a little bit of you  
And try  
I am in dire straits  
And there is no escaping  
Take a little bit of me  
And a little bit of you and cry  
No more, no more, no more war for us
