

# The Confession

Autoheart

Four leaf clover  
My Bosa nova  
And it's alright by me  
Yes it's alright by me

A chain reaction  
My leg in traction  
And it's alright by me  
Yes it's alright by me

Forgive me for I have sinned  
I have taken everything  
And I'll have to live with it each day  
Forgive me for I have sinned  
I have taken everything  
And I'll have to live with it each day

It's alright, it's alright by me  
It's alright, it's alright by me
