

# What Was I Thinking

Autoheart

Final thought  
Tuesday and rain again  
Headlights  
They said I'd be okay  
Who could have seen  
The catastrophe

Dancing alone  
Out on an empty street  
Hands cold  
Rumours plays on repeat  
It's getting late  
Let's break the chain

And I guess that's what the future brings  
Not a Midas touch or eternal springs  
Wherever you go  
I will follow you

Oh what was I thinking  
Why am I still here  
I'm outside your window  
And I'm frozen with fear  
I'm looking for answers  
I just want to know  
But I'm also terrified  
Of letting you go

Time stood still  
For an eternity  
Powerless  
Lost all ability  
Can't stop the tears  
Or the rain from falling  
Or the rain from falling

And I'm scared to death that it's all too late  
And the words I say just won't translate  
This could be my  
Only chance

Oh what was I thinking  
Why am I still here  
I'm outside your window  
And I'm frozen with fear  
I'm looking for answers  
I just want to know  
But I'm also terrified  
Of letting you go

Stumbling around in a world unknown  
Never gonna navigate a twilight zone  
All I want to do is talk to you  
But you've closed the door on me  
Everything I did I did for you  
Tell me now what am I supposed to do  
Everything I feel is miserable

Since you closed the door

Oh what was I thinking  
Why am I still here  
I'm outside your window  
And I'm frozen with fear  
I'm looking for answers  
I just want to know  
But I'm also terrified  
Of letting you go

I am slowly sinking  
Why don't you appear  
Standing at your front door  
And I'm frozen with fear  
Can we talk about it  
I just want to know  
If it's really over  
Guess I'm letting you go

Letting you go  
You go  
You go
