

## Wretch

Autoheart

In my head  
There's a space  
Which is dead  
Such a waste  
It does not occupy  
Any rational thoughts  
Molecules multiply  
By my side  
I do not  
Have the strength  
To survive

Save a wretch like me  
And I will be eternally grateful  
More than you'll ever know  
So please  
Save a wretch like me

Shut your mouth  
I'll shut mine  
And in time  
We'll be fine  
Too much noise  
Only serves  
To destroy  
I don't care  
Anymore  
Such a sad  
Place to be  
You're my one  
And only

Save a wretch like me  
And I will be eternally grateful  
More than you'll ever know  
So please save a wretch like me

Who will save a wretch like me  
Just hold me to the ground  
Who will save a wretch like me  
Just hold me to the ground

Save a wretch like me  
And I will be eternally grateful  
More than you'll ever know so  
Please save a wretch like me
