

Everyone's ever changing now  
we are all are just hard to the core  
open up and we'll build a house?  
??? all you can afford  
I wanna hear a good time ring  
get off the street go down again  
It's so so sad to be happy all the time  
something like???  
open up??  
?? so strange to lose your class  
I wanna??  
get off your head come down awhile  
  
it's so so sad to be happy all the time  
it's so so sad to be happy all the time  
All the signs have gone dark now  
but the??? lives on  
the square?? sky lives above us  
????  
??  
get off the street come down again  
it's so so sad to be happy all the time  
it's so so sad to be happy all the time  
it's so so sad to be happy all the time
