

## Close Your Eyes

Autotelic

Close your eyes  
There is something more to this  
Don't ever, don't ever

We've been running around for a while now  
Going in circles, it's a cycle  
Counting the ways to fall asleep  
Tell me a story, tell me a story

Feeling a little cold  
I light up a match  
This fire is out of control  
Let it unfold, let it unfold

Close your eyes  
There is something more to this end of line  
Don't ever, don't ever
