

# 1 Wish

Ava Max

I got one wish, everyday could feel like Christmas  
All that I need is sleigh bells, reindeer, and mistletoe  
Making angles under the snow  
I got one wish, Santa, I don't have a long list  
All that I need is tree lights, hear that jingle bell play  
And the way I'm feeling on Christmas day

There ain't no silent night  
'Cause everybody's merry and bright  
And all over the neighborhood  
They got lights up and feelin' good  
With parties and cherry wine  
With all the stockings up by the fire  
And warm nights and family  
That's what it means to me

So, Santa, if you're listening tonight

I got one wish, everyday could feel like Christmas  
All that I need is sleigh bells, reindeer, and mistletoe  
Making angles under the snow  
I got one wish, Santa, I don't have a long list  
All that I need is tree lights, hear that jingle bell play  
And the way I'm feeling on Christmas day

(One wish, oh, I got one wish)  
(Only got one wish)  
Oh (Only got one wish) that everyday could feel like Christmas

I hear the choir singin'  
And I feel that magic begin  
And all the happiness in the air  
Candy and gingerbread

So, Santa, if you're listening tonight, oh

I got one wish, everyday could feel like Christmas  
All that I need is sleigh bells, reindeer, and mistletoe (Mistletoe)  
Making angles under the snow  
I got one wish, Santa, I don't have a long list (Oh)  
All that I need is tree lights, hear that jingle bell play  
And the way I'm feeling on Christmas day

(One wish, oh, I got one wish) One wish  
(Only got one wish) One wish  
Oh (Only got one wish) that everyday could feel like Christmas  
(One wish, oh, I got one wish)  
Only got (One wish)  
Oh (Only got one wish) that everyday could feel like Christmas
