

# Emotions

Ava Max

Don't go wasting your emotions  
You don't need nobody  
Can't you see?

She built a castle in the sky  
He was a devil in disguise  
Whoa-oh, whoa-oh  
She gave up everything she had  
Bet on a love that wouldn't last  
Whoa-oh, whoa-oh-oh

No, he ain't got a job, and he lives with his mom  
Won't admit when he's wrong, oh mama  
But he talks to his ex  
Don't mean no disrespect  
Get that boy off your chest  
Say bye bye

Don't go wasting your emotions  
You don't need nobody  
Can't you see?  
Don't go crying out an ocean  
Just slam that door and leave, baby, please

Now give that loving to yourself  
Put back that trophy on the shelf  
It's time to let it go, whoa-oh-oh  
You got more power than you know  
You should be looking at the coast  
Instead of looking through his phone

No, he ain't got a job, and he lives with his mom  
Won't admit when he's wrong, oh mama  
But he talks to his ex  
Don't mean no disrespect  
Get that boy off your chest  
Say bye bye

Don't go wasting your emotions  
You don't need nobody  
Can't you see?  
Don't go crying out an ocean (Ooh)  
Just slam that door and leave, baby, please

Don't go crying out your emotions no, no, no-no-no-no-no  
Don't go crying out your emotions no, no, no-no-no-no-no

Your emotions  
Don't go wasting your emotions (Don't you go)  
You don't need nobody  
Can't you see? (You don't go)  
Don't go crying out an ocean  
Just slam that door and leave, baby, please
