And boy you've got me losing my mind  
You know I wanna be with you all of the time

'Caus i need you

I'm going crazy without you  
I need you

Boy i can get you out of my mind  
When you gonna be with me, with me  
When you gonna kiss me, kiss me  
When you gonna touch me, touch me  
I'm so in love with you
