

Never Be Yours

Ava Max

How many nights were you lyin' to me
While I cried on your shoulder?
How many times did you make me believe
We couldn't get any closer?

It's like you stabbed me in the heart
And you stabbed me in the back
Sleep in my bed while you get in his head
And he might be obsessed but he loves me more
I'm so damn sure
He'll never be-

He might treat you like a beauty queen
Take your hands and make you dance
Even make you believe, yeah, yeah
You're the one but I'm so damn sure
He'll never be yours
He'll never be yours, he'll never be-
He might treat you like a beauty queen
Take your hands and make you dance
Even make you believe, yeah, yeah
You're the one but I'm so damn sure
He'll never be yours
He'll never be yours, he'll never be-

How many nights were you lookin' at me
Wishin' we could trade places?
How many nights were you pretendin' to me
Just to get information?

It's like you stabbed me in the heart
And you stabbed me in the back
Sleep in my bed while you get in his head
And he might be obsessed but he loves me more
I'm so damn sure
He'll never be-

He might treat you like a beauty queen
Take your hands and make you dance
Even make you believe, yeah, yeah
You're the one but I'm so damn sure
He'll never be yours
He'll never be yours, he'll never be-
He might treat you like a beauty queen
Take your hands and make you dance
Even make you believe, yeah, yeah
You're the one but I'm so damn sure
He'll never be yours (He'll never be yours)
He'll never be yours, he'll never be-
[Bridge]
Oh, woah-oh

He might treat you like a beauty queen
Take your hands and make you dance
Even make you believe, yeah, yeah (Ooh-oooh, ooh-oooh)
You're the one but I'm so damn sure
He'll never be yours

He'll never be yours, he'll never be-
He might treat you like a beauty queen (Beauty queen)
Take your hands and make you dance
Even make you believe, yeah, yeah (Ooh-ooh, ooh-ooh)
You're the one but I'm so damn sure
He'll never be yours (He'll never be yours)
He'll never be yours, he'll never be-

(Ooh-ooh, ooh-ooh, ooh-ooh)

(Ooh-ooh, ooh)

(Ooh)
