

# OMG What's Happening

Ava Max

Oh my God, what's happening?  
Thought I was fine  
I told you I don't need your love  
Like three, four thousand times  
But that's a lie  
No, I can't look you in the eye  
Oh I, oh I

So I did everything to push you all away  
And finally you left and now I'm missing you like crazy  
And I cry, no, I can't sleep alone at night  
Oh I, oh I

Look what you've done, look what you've done to me  
I got everything I wanted  
But you're everything, you're everything I want  
Look what you've done to me  
Didn't know I was alone  
'Til I was running to your, running to your heart  
Like magnets  
Oh my God, what's happening?  
Look what you've done, look what you've done to me  
I got everything I wanted  
But you're everything, you're everything I need

I wanna tell you things and show you all the rest  
Broadcast my emotions on the radio and take 'em off my chest  
I hope you're listening  
Are you? Are you?

I'll be spinning 'round in circles  
Spinning 'round in circles  
Writing in my journal 'bout you  
Wonder if it's over  
I ain't getting closer  
Think it's time I told you the truth  
(Hey, wait a minute)

Look what you've done, look what you've done to me  
I got everything I wanted  
But you're everything, you're everything I want  
Look what you've done to me  
Didn't know I was alone  
'Til I was running to your, running to your heart  
Like magnets  
Oh my God, what's happening?  
Look what you've done, look what you've done to me  
I got everything I wanted  
But you're everything, you're everything I need

Ah, what have you done to me?  
Something about your face  
I don't know whether to kiss it or punch it  
If you don't get away from me right now  
I swear to God, I swear

Look what you've done, look what you've done to me

I got everything I wanted  
But you're everything, you're everything I want  
Look what you've done to me  
Didn't know I was alone  
'Til I was running to your, running to your heart  
Like magnets  
Oh my God, what's happening?  
Look what you've done, look what you've done to me  
I got everything I wanted  
But you're everything, you're everything I need
