

Permission

Ava Max

Know you really like what I do, up and down in these shoes
Got you asking my daddy for permission
Say you really like what you see
Wanna get to know me
Oh, you know that you've got my permission
Give it to me now

Ooh, oh-ah-ah
Oh, oh-ah-ah
Ooh, you got my permission
Ooh, oh-ah-ah
Oh, oh-ah-ah
Ooh, you got my permission

Permission to touch, permission to kiss
I need permission to watch you dance, girl
Permission for that, permission for this
All you gotta do is take my hand, girl
And I can take you there, there
Just let me take you there, there
Somewhere where nobody could see how we do it
And I pull your hair, girl
Try not to be obvious, cause we kinda got an audience
All these girls up inside this club
And I'm feeling on you (Feeling on you)
I'm tryna be a gentleman, but its hard with them jeans you in
Make sure you tell all your friens that I'm leaving with you

Know you really like what I do, up and down in these shoes
Got you asking my daddy for permission
Say you really like what you see
Wanna get to know me
Oh, you know that you've got my permission
Give it to me now

Ooh, oh-ah-ah
Oh, oh-ah-ah
Ooh, you got my permission
(Give it to me now)
Ooh, oh-ah-ah
Oh, oh-ah-ah
Ooh, you got my permission

Permission of [?], permission of work
I need permission for just one night, girl
[?] This gonna change life, girl
So let me take you there, there
Cause I can't take you there, there
In the back of the [?] Imma take a ride girl
Try not to be obvious, cause we kinda got an audience
All these girls up inside this club
And I'm feeling on you (Feeling on you)
I'm tryna be a gentleman, but its hard with them jeans you in
Make sure you tell all your friens that I'm leaving with you (Leaving with you)
