

# Satellite

Ava Max

Got me wide awake and dreamin'  
You give love a deeper meanin'  
Keep exposing all my secrets

And you know  
You got my heart beatin'  
Out my chest  
Out of breath  
Don't give up  
Not till we're above the clouds  
I give it till there's nothing left  
I'm obsessed  
Keep it up  
We ain't ever coming down

Every time I close my eyes  
All I see is flashing lights  
Make me feel like I can fly  
Higher than a satellite (x3)

~~~♪♪♪♪ ~~~

When we get to where we're goin'  
Come and fill me with emotion  
Oh you leave my body glowin'

And you know  
You got my heart beatin'  
Out my chest  
Out of breath  
Don't give up  
Not till we're above the clouds  
I give it till there's nothing left  
I'm obsessed  
Keep it up  
We ain't ever coming down

Every time I close my eyes  
All I see is flashing lights  
Make me feel like I can fly  
Higher than a satellite (x3)
