

Spaceship

Ava Max

[Verse 1]

You were the love of my life
I was happy to almost be your
Wife then you ended it when I
Need you most but

[Pre Chorus]

You say you do
But you don't
You say you will
But you won't

[Chorus]

You won't take
A ride with me in
My Space Ship well
Then what's up with
This Friendship Oh
Oh Oh I guess now it has to end
Before it even truly began just cause
You won't take a ride with me in my
Space Ship

[Verse 2]

You do what you do when I
Leave the room so I guess I
Should just get outta here
Now but

[Pre Chorus]

You say you do
But you don't
You say you will
But you won't

[Chorus]

You won't take
A ride with me in
My Space Ship well
Then what's up with
This Friendship Oh
Oh Oh I guess now it has to end
Before it even truly began just cause
You won't take a ride with me in my
Space Ship

[Bridge]

Falling asleep when I'm in the deep
I here you when you start to creep
But I know that you

[Chorus]

You won't take
A ride with me in
My Space Ship well
Then what's up with
This Friendship Oh

Oh Oh I guess now it has to end
Before it even truly began just cause
You won't take a ride with me in my
Space Ship
