

# Stop The Talking

Ava Max

[Verse 1]

You're a mess but so am I  
We're only built on blurry lines  
On and off, you get off on the games you play  
You stick around and stay the night  
Then call me out when I call you mine  
Only want what I want when you want your way

[Pre-Chorus]

Baby you ain't gotta say no more  
Cause I know just how you do  
Thirty seconds, I'll be in too deep with a love I can't cut loose

[Chorus]

Stop the talking  
Don't come knocking at my door  
You're so toxic for my heart but I want more  
And I don't wanna let you beneath my skin  
Pull me any closer and I'll give in  
Stop the talking  
Tell me you weren't so good to do  
Cause I want it just as bad as you

[Verse 2]

When mind and body disagree  
It's let it burn or let it be  
Let me choose what I choose before I lose control  
I can't rely on my sanity  
Cause I get lost when you're next to me  
You're to blame, say my name, up in flames I go

[Pre-Chorus]

Baby you ain't gotta say no more  
Cause I know just how you do  
Thirty seconds, I'll be in too deep with a love I can't cut loose

[Chorus]

Stop the talking  
Don't come knocking at my door  
You're so toxic for my heart but I want more  
And I don't wanna let you beneath my skin  
Pull me any closer and I'll give in  
Stop the talking  
Tell me you weren't so good to do  
Cause I want it just as bad as you

[Outro]

I want it just as bad as you  
I want it just as bad as you  
I want it just as bad as you
