Wild Thing

Ava Max

[Verse 1]
Told you on the first night
This isn't my first time
You won't be the last one
Blame it on my past life
Only want the fast life
Always on the run

[Pre-Chorus]
Got this feeling in my brain
In my blood and in my veins
Tellin' me to never slow down
Reachin' for another touch
Know you wanna hold me but
Now you're only holding me down
Oh, woah

[Chorus]
Tonight I'm having fun
I'm sleeping with the sun
Oh yeah, yeah, yeah
I'm a wild thing, baby
If looks could kill a man
Your life is in my hands
Oh yeah, yeah, yeah
I'm a wild thing, baby
[Post-Chorus]
I'm running away, can't stop me
I'm not gonna say I'm sorry
I made a few mistakes
But one is all it takes
Oh yeah, yeah, yeah
I'm a wild thing, baby

[Verse 2]
Barely left a scent, no
Echos in your bedroom
Only paint and perfume
Might have left a scratch
My nails across your back
I never meant to hurt you
Ooh, ooh

[Pre-Chorus]
Got this feeling in my brain
In my blood and in my veins
Tellin' me to never slow down
Reachin' for another touch
Know you wanna hold me but
Now you're only holding me down
Oh, woah
[Chorus]
Tonight I'm having fun
I'm sleeping with the sun
Oh yeah, yeah, yeah
I'm a wild thing, baby
If looks could kill a man

Your life is in my hands
Oh yeah, yeah, yeah
I'm a wild thing, baby

[Post-Chorus]
I'm running away, can't stop me
I'm not gonna say I'm sorry
I made a few mistakes
But one is all it takes
Oh yeah, yeah, yeah
I'm a wild thing, baby

[Bridge]
Oh, ooh, oh, ooh
I'm a wild thing, baby
Oh, ooh, oh, ooh
I'm a wild thing, baby

[Chorus]
Tonight I'm having fun
I'm sleeping with the sun
Oh yeah, yeah, yeah
I'm a wild thing, baby
If looks could kill a man
Your life is in my hands
Oh yeah, yeah, yeah
I'm a wild thing, baby
[Post-Chorus]
I'm running away, can't stop me
I'm not gonna say I'm sorry
I made a few mistakes
But one is all it takes
Oh yeah, yeah, yeah
I'm a wild thing, baby
