

Fallin' behind when you're gone  
Take my hand and dance 'til dawn  
Take control of my fears  
Please take them all, take it all

So I can't stop fallin' apart, fallin' apart  
So I can't stop, follow my heart, follow my heart

I can't stop myself from fallin'  
Fallin', free fallin'  
I can't stop myself from fallin'  
I can't stop myself from fallin'

Fallin' behind when you're gone  
Take my hand and dance 'til dawn  
Take control of my fears  
Please take them all, take it all

So I can't stop fallin' apart, fallin' apart  
So I can't stop, follow my heart, follow my heart

I can't stop myself (From fallin')  
(Fallin', free fallin')  
(I can't stop myself from fallin')  
(Fallin', free fallin')

I can't stop myself from fallin'  
I can't stop myself from fallin'  
I can't stop myself from fallin'  
Fallin', free fallin'  
I can't stop myself from fallin'  
Fallin', free fallin'
