

# Goodbye

AVAIION

Tell me you're lost, tell me you're sorry  
You're not alone  
But that don't make it better now  
Tell me you're hurtin', tell me your worries  
You're not alone  
But that don't make it better now

Oh, I can take a breath  
Just one last breath  
For more or less

I don't wanna say good-  
I don't wanna say good-  
I don't wanna say goodbye  
'Cause that won't make it better now  
Even when I'm screamin' my lungs out  
Even when I'm watching you walk out  
I don't wanna say goodbye

Tell me you're lyin', tell me you're hidin'  
You're not alone  
But that don't make it better now  
No

Oh, I can take a breath  
Just one last breath  
For more or less

I don't wanna say goodbye  
'Cause that won't make it better now  
Even when I'm screamin' my lungs out  
Even when I'm watching you walk out  
I don't wanna say goodbye  
I don't wanna say good-  
I don't wanna say goodbye  
'Cause that won't make it better now  
Even when I'm screamin' my lungs out  
Even when I'm watching you walk out  
I don't wanna say good-

Goodbye  
Goodbye  
Goodbye  
I don't wanna say goodbye
