

# I Don't Know Why

AVAION

Smoke so thick it covers up  
Feelings that are creeping I'm not enough, not enough (Enough)  
Don't know how to say these things  
I burn, til silence burns down my heart, I went too far (Too far)  
Honesty, honestly it takes it outta me  
They say the truth will set you free

I don't know why  
I lie, lie, lie, lie, lie, I lie  
I don't know why  
I lie, lie, lie, lie, lie, I lie

I don't know why  
I don't know why  
I don't know why  
I lie, lie, lie, lie, lie, I lie  
I don't know why  
I lie, lie, lie, lie, lie, I lie

Tell you that I've been okay  
Smiling even as I fade into gray, I'm not okay  
If I showed you all of me  
I'd burn, the bridges between our hearts, I'd fall too far (Too far)  
Honesty, honestly it takes it outta me  
They say the truth will set you free

I don't know why  
I lie, lie, lie, lie, lie, I lie  
I don't know why  
I lie, lie, lie, lie, lie, I lie

I don't know why  
I don't know why  
I don't know why  
I lie, lie, lie, lie, lie, I lie  
I don't know why  
I lie, lie, lie, lie, lie, I lie
