

## Lost

AVAION

I just tried to do my best  
Now I'm looking for some rest  
You think I still love you more  
I can't handle this no more (no more)

I'm feelin' lost, since you're gone, where's my home?  
All of my hate, was just fake, on the phone  
I died for you, even twice, that's okay  
You changed your mind, said you don't feel the pain (yuh)

I'm feeling lost, lost, lost, yeah  
I'm feeling lost, lost, lost, yeah
