

SLOWLY

AVAION

Crash, and I fall
Spiritual
Down on your knees, make me believe
I'm all you need, you're all mine

Will you love me slowly, slowly, slowly?
Be my one and only, only, only
Will you love me slowly, slowly, slowly?
Make my body holy, holy, holy

Dancing, and the air is feeling bright
The pressure building up with you all night
Give me your heart, and I will give you all of me
Here in the dark, oh, can you feel the energy?

Will you love me slowly, slowly, slowly?
Be my one and only, only, only
Will you love me slowly, slowly, slowly?
Make my body holy, holy, holy

Will you love me slowly?
Be my one and only
Will you love me slowly?
Make my body holy

Crash, and I fall
Spiritual
Down on your knees, make me believe
I'm all you need, you're all mine

Will you love me slowly?
Be my one and only
Will you love me slowly?
Make my body holy

Will you love me slowly?
