

Stop The Time

AVAION

Feeling lost on my mind
I don't wanna know where you've been tonight
Call me back
One last time, one last time

Yeah, I don't wanna hold your broken soul
That you've been hiding for so long
Yeah, I know that I've told you if I had one wish

Wish I could stop the time
When I'm with you
Don't leave me in the cold
'Cause my heart turns slowly blue

Wish I could stop the time
Wish I could stop the time

Wish I could stop the time
When I'm with you
Don't leave me in the cold
'Cause my heart turns slowly blue

Wish I could stop the time

It's getting cold
In my heart
But I don't wanna sleep
'Cause we fall apart
Tell me why, it hurts so much
But I like it

Yeah, I don't wanna hold your broken soul
That you've been hiding for so long
Yeah, I know that I've told you if I had one wish

Wish I could stop the time
When I'm with you
Don't leave me in the cold
'Cause my heart turns slowly blue

Wish I could stop
Okay

Wish I could stop the time

Wish I could stop the time
When I'm with you
Don't leave me in the cold
'Cause my heart turns slowly blue

Wish I could stop the time
Wish I could stop the time
Wish I could stop the time
Okay
